THE JUCKLINS AT THE ACADEMY.

Faithful Picture of North Carolina Life by Robert and His Company.

There is no displaying his deftness as a play constructor by his dramatization of Ope Read's delightful story of North Carolina life, "The Jucklins."

How well he has done his work was demonstrated last night to the audience at the Academy of Music.

In this play Mr. Hart has given a simple picture of life in the South that is quite as faithful and affecting as the glimpses of New England life given to the stage by Herno and Thompson.

Mr. Hart was compelled to make some radical changes in the plot of "The Jucklins" in transferring it to the stage, but the workmanship is so perfect that it is impossible to tell where Read leaves off and Hart begins.

GREEKS THINK IT A HOPELESS FIGHT

Two of Them Interviewed Yesterday by a Tribune Reporter.

ONE OF THEM WAS IN THE ARMY He Was Compelled to Fly from the Country to Save His Head—He Is a Nephew of a One Time President of the Old Greek Republic—His Uncle Is Now the Leading General of the Grecian Army.

In this city of Scranton, 4000 miles from the scene of the Turco-Grecian war there are only two native Greeks, and one of them, a refugee, is a nephew of a one time president of the old Greek republic, a cousin of the second leading general of the Grecian forces in the present war and his brothers and other near relatives occupy distinguished positions in the Grecian monarchy.

The man's name is Anya Mavromichalis and he and his companion conduct a small candy store at the corner of Lackawanna and South Washington avenues.

Anyas Mavromichalis has been in America for a little over fifteen months. His native home is in the renowned Sparta, the capital city of the historic state by that name. He left home because of some offense against the law for which the death penalty rested upon his head, but one month ago when the European continent was shaken by the thunders of an impending war General Antonios Mavromichalis, his uncle, sent Anya a letter telling him to come home that Greece would forgive him as she needed all the men who were called his mother. This is a literal interpretation of the letter sent to Anya, the refugee, by the second general in the Greek army.

THE GREEK COMMANDER. General Mavromichalis is commander of a part of the Greek army. He is the second in rank to King George himself and in the dispatches from the scene of war printed in the papers, General Mavromichalis is a conspicuous figure in the movements of the Greek forces. He is a dashing and handsome soldier.

It was General Mavromichalis who, as stated in yesterday's dispatches to The Tribune, with 5,000 men repulsed the Turks at Larissa.

Colonel Thrasymboulos Manos is a son-in-law of General Mavromichalis. Colonel Manos is the sub-commander of the Greek army at Arta and it was he who forced a passage of the river Arachthos with 25,000 men in his charge.

It was an uncle of Anya Mavromichalis, our resident, who, in 1821, led a successful revolution against the Turks at the time when the sultan controlled the Hellenas, and after the victory won the Grecian people elected him as president of the republic.

THREE BROTHERS FIGHTING. Peter Mavromichalis, a brother of the man in this city, is a lieutenant in the present Greek army. He has two other brothers now in arms. Anya, himself, was a soldier for three years, and had risen to the rank of captain in the regular army.

When asked concerning the letters he receives from Greece, he explained that it takes about twenty-five days for them to reach their destination, and "the papers print news faster than that."

He would return to Greece to enter the army, but, he argues, wisely, too, "the fight may not be tomorrow, and may be five years." He and his companion, George Cortices, who is only a common Greek, live in Pine Brook.

They show great familiarity with the manoeuvres of the two armies and think that the cause of the Greeks is a hopeless one, "not exactly synonym," is the way Cortices expressed it. But when Thermopylae was mentioned both men went into a state of ecstasy. They think that Greece, with her handful of men, can defend this sacred pass against a host of the Turks being the Turkish forces are now moving that way.

THIS ONE DIDN'T SHOOT. Constable in Olyphant Badly Used at an Hungarian Boarding House.

"That the life of a constable and a bed of roses are not exactly synonymous, in such suburban towns as have a large representation of the more disorderly of the alien element is pronouncedly instanced by a story which comes from the Hungarian flats at Olyphant."

Monday morning a pack peddler, named Hyman Zygler, while displaying his wares at the house of John Prylova, on Ferris street, was set upon by some of the boarders and shamefully abused, many of the articles being taken from him and many others being spoiled by having water thrown upon them.

The peddler made complaint to Officer John Murray, who after securing a warrant, went to the house to arrest one Amosy Romanki, who appears to have been the chief offender. The inmates of the house however protected the accused and when the officer attempted to secure him by force he was violently beaten and stoned away from the premises. As he was retreating he was struck on the top of the head by a stone and sustained a bad gash which required several stitches to close.

Yesterday afternoon Constable Foley arrested Prylova and his wife for being the instigators of the assault on Officer Murray. They were given a hearing before Justice of the Peace Cummings and held under \$800 to answer at court the charges of felonious wounding and resisting an officer.

Romanki escaped during the assault on the constable and has not as yet been captured.

BUSINESS MAN ARRESTED. Charles Jacobs Had Eggs and Potatoes to Sell.

Charles Jacobs was arrested yesterday by Patrolman McMahon because he acted suspiciously and in this manner. He made the rounds of the lurch wagons trying to dispose of the contents of two paper bags which he carried. One bag had a dozen of eggs, the other about fourteen potatoes.

JACOBS WILL BE GIVEN A CHANCE THIS MORNING TO EXPLAIN.

CONVENTION AT JERMYN. Local Camps of the Sons of Veterans Will Meet.

This afternoon and evening at the rooms of the Jermyn camp, Sons of Veterans, a convention of delegates of the several camps in the northern valley will be held for the purpose of organizing a regiment.

The business session will be held in the afternoon and in the evening an entertainment, camp fire and banquet will be given by the Jermyn camp in honor of their visitors. Delegations from the local camps will leave on the 6:25 Delaware and Hudson train this evening.

DEFENDANTS DESIRE IMMEDIATE TRIAL

Do Not Propose to Allow Jennings Case to Hang Fire.

TO COME UP IN THE MAY TERM Judge Bennett, of Wilkes Barre, Specially Presiding, Grants an Order to Advance the Case to the Head of the Second Week of the May Term of Common Pleas—Opportunity Given the Defendant to Show Cause Why This Should Not Be.

As announced last week in The Tribune, the defendants in the latest John G. Jennings case are determined upon having a speedy trial.

Yesterday a motion was allowed to place the case at the head of the trial list for the second week of the May term of common pleas, which will fall on June 7 next.

Major Everett Warren, of counsel for the defense, having given notice of his intention to make such a motion Judge Lyman H. Bennett, of Wilkes-Barre, was summoned to receive it and was present at the opening of court yesterday morning.

The first procedure was the handing down of the following by Judge Archbold:

All the judges of this court being defendants in the above entitled case, Hon. Lyman H. Bennett, additional law judge for the Eleventh Judicial district, is requested to dispose of the proposed motion to have the case advanced for trial at the next term. R. W. Archbold, F. J. April 27, 1897.

When Judge Bennett took the bench Major Warren made the motion and it was allowed with the qualification explained in the following:

Now, to wit, April 27, 1897, on motion of counsel for the defendants, it is directed that the above entitled case be placed twenty feet in front of the advancing car the horse shield, made a sudden turn and upsetting the buggy, threw both occupants to the ground just between the rails. Mr. Walsh managed to roll out of the way of the car, but his hat was run over and was so badly injured that she died within a few hours. The car was stopped within thirty feet, its own length, from where the accident occurred. The jury, after hearing the evidence in all its details, rendered the following verdict:

"We, the undersigned jurors, find that according to the evidence, no bell was rung; that no fender was on the car; that the car might have been stopped under the control of Miss Mary Walsh met her death through negligence of the employee of the Carbon-dale Traction company.

"Signed—Fred Lynde, John Barrett, Ed Connolly, Ed Craig, William Murphy, John Fiske."

Attorney M. J. Walsh appeared for the family of the deceased and Attorney J. E. Burr for the street car company. The company did not summon any witnesses.

LECTURE OF DR. STAFFORD.

Will Be Given at St. Thomas College Hall Tonight.

At St. Thomas' College hall tonight Rev. D. J. Stafford, D. D., of the Catholic university at Washington, will deliver his address on "Hamel," which is his favorite theme. Dr. Stafford's address referred to The Wilkes-Barre "Lecturer" referred to Dr. Stafford as follows:

"Dr. Stafford is a wonderful platform speaker. Sum up his qualities and they make a wonderful ensemble—thorough and appreciative literary taste, power of analysis, refined diction, a voice that flows from womanly delicacy to deep, rich diapason—clear, distinct utterance; great elocutionary and dramatic power; a rare grace and fertility of gesture. Add to this a fine stage presence and a mysterious something that makes the subject and the characters alive, and you have a remarkable man." The following music will be rendered by Bauer's orchestra:

1. Overture, "Orpheus in der Unterwelt." 2. Selection, "Ernani"..... Verdi Postlude. March, "Fallide"..... Williams

COMPANY WAS NEGLIGENT So Declared the Coroner's Jury in the Walsh Inquest—Eight Witnesses Were Examined.

Negligence on the part of the street car company was attributed by the coroner's jury last night as the cause of the death of Miss Mary Walsh, of Archbold, who was killed by a Carbon-dale street car company car Easter Sunday afternoon.

According to the story of the eight witnesses examined, Miss Walsh and her brother were driving between Peckville and Archbold and at a point about twenty feet in front of the advancing car the horse shield, made a sudden turn and upsetting the buggy, threw both occupants to the ground just between the rails. Mr. Walsh managed to roll out of the way of the car, but his hat was run over and was so badly injured that she died within a few hours. The car was stopped within thirty feet, its own length, from where the accident occurred. The jury, after hearing the evidence in all its details, rendered the following verdict:

AVENGED A WRONGED SISTER. Charles Wolf Shoots Charles Wilhelm Four Times.

Kingwood, W. Va., April 27.—Charles Wolf today avenged the betrayal of his sister by shooting Charles Wilhelm four times in the latter's dining room. Wolf tried to shoot again after Wilhelm had fallen, but his revolver was empty. It is alleged Wilhelm wronged Wolf's sister and refused to marry her. He also threatened to kill her, it is said, if she gave him any trouble.

Wolf, who has been employed at Grafton, was home visiting his parents over Sunday. When he learned of his sister's condition, he became frenzied and immediately started to hunt Wilhelm. When he found him a few angry words were exchanged and the shooting followed. Wolf gave himself up and was brought to jail here. He seemed quite calm until he entered the jail, when he fainted.

The shooting took place at Amblerburg near the home of Rachel Tanner, who was shot from ambush not long since. The affair created great excitement here, where Wolf is well known and well liked.

BOUND TO KILL HIMSELF. Chicago Bookkeeper Shoots Himself, Then Jumps from a Window.

Chicago, April 27.—Arnold Haller, a bookkeeper and ex-tenant in the German army, shot himself in the temple at his boarding house, 418 La Salle avenue, today in an attempt to commit suicide. The attempt was unsuccessful, however, and Haller, raising his winded to the ground, a distance of twenty-five feet.

His injuries will undoubtedly prove fatal. Haller's employers say his accounts are straight.

CHILD TEACHING.

There were present at the meeting about forty ladies interested in the work, from Green Ridge, Dunmore and the several city unions.

Mrs. Stevans' talk was in the nature of a resume of the advancement in intelligent child instruction. She contended that it had become a science and the future would see more attention directed to the great subject which plays such an important part in the building of the coming civilization.

After Mrs. Stevans' talk Mr. D. B. Hand read a paper on "Child Government." This precipitated a discussion by the ladies present. Many incidents concerning the actions of children under parental reproof were related.

Afterward Mrs. Stevans gave a practical illustration of a model mother's methods in the correction of an erring child. Mrs. Stevans is state superintendent of mothers' meetings.
